KUALA LUMPUR: Two people became instant millionaires last month when they walked away with over RM20 million in Sports Toto jackpots.

The first lucky winner, a 52-year-old accountant from Kuala Lumpur, won the RM12 million Power Toto 6/55 jackpot on Oct 28.

"I started to love lottery games because of my late father, who was a fan. We loved going to the outlet and placing our bets together.

"Whenever we visited the outlet, we really enjoyed reading the winning posters pasted all around the place and got inspired. I always wondered if I could be one of the lucky winners one day and finally, my dream has come true," he told STM Lottery when he came to collect his winnings.

He bought RM50 worth of Lucky Pick tickets when he saw the Power Toto 6/55 jackpot had accumulated to more than RM10 million.

His chosen set of numbers 1, 5, 10, 17, 47 and 49 won him RM11,997,777.60.

"I only checked my tickets two days after the draw and my wife and I are super delighted to find out that we have hit the jackpot.

"I plan to use some of the winnings to buy some properties for investment."

The second winner, a 58-year-old engineer from Sarawak, won the RM8.4 million Toto 4D Jackpot 1 on Oct 22.

He won with his pair of four digit numbers 1111 and 8609.

"One of my favourite numbers, 1111, is a popular number that is always sold out on the Toto 4D game, but it is available on the Toto 4D Jackpot game.

"I have been buying this pair of numbers in a System 3 ticket with another 4D number for many years."

He won RM8,418,060.60 and an additional RM336 as a system play bonus.

The winner said he would share the winnings with his wife and save some for his children's education and donate some to charitable organisations as he believes helping those in need would bring him good luck.
