

Banknote number scores S'wakian salesman RM29 mln Toto jackpot

KUCHING: A salesman from Sarawak won nearly RM29 million in the Toto 4D Jackpot 1 on Dec 26 last year after betting on the numbers of a bank note he kept in an ang pow packet for good luck.

He bought a System 4 ticket which won him a whopping RM28,996,296.85, and an additional RM672 as System Play bonus.

The 46-year-old told STM Lottery Sdn Bhd that his pair of winning numbers - 7871 and

9736 - came from the banknote numbers.

"Boxing Day was a special draw day; initially we didn't plan to buy numbers but luckily I changed my mind and drove to a Toto outlet after lunch. Otherwise, I would not have won the jackpot," he said.

Although he has become a multi-millionaire, the winner said he is still too young for early retirement and would therefore continue to work and "live a normal life".
